When it comes to keeping kids safe, there is no substitute for adult supervision. But no parent can be everywhere, every minute! BABY-LOC[®] Removable Fencing is a convenient, cost-effective additional layer of protection to help deter toddlers from gaining access to a swimming pool.

**BABY-LOC is so durable,
it comes with a 5-year
manufacturer's warranty!**

A Choice of Heights For Superior Safety

BABY-LOC fencing comes in standard 4-foot and extended 5-foot heights. Both meet all ASTM standards and U.S. Consumer Product Guidelines. Choose the height that's right for your circumstances.

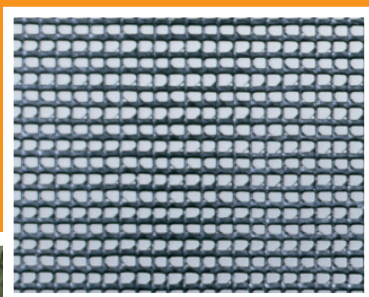

Unique Self-Latching Magnetic Gate

BABY-LOC offers an optional self-closing and self-latching gate. Our unique latching mechanism requires very little force to secure. The gate is easily adjusted with a screwdriver for the right amount of spring action to close and latch perfectly, every single time. It's also key lockable!

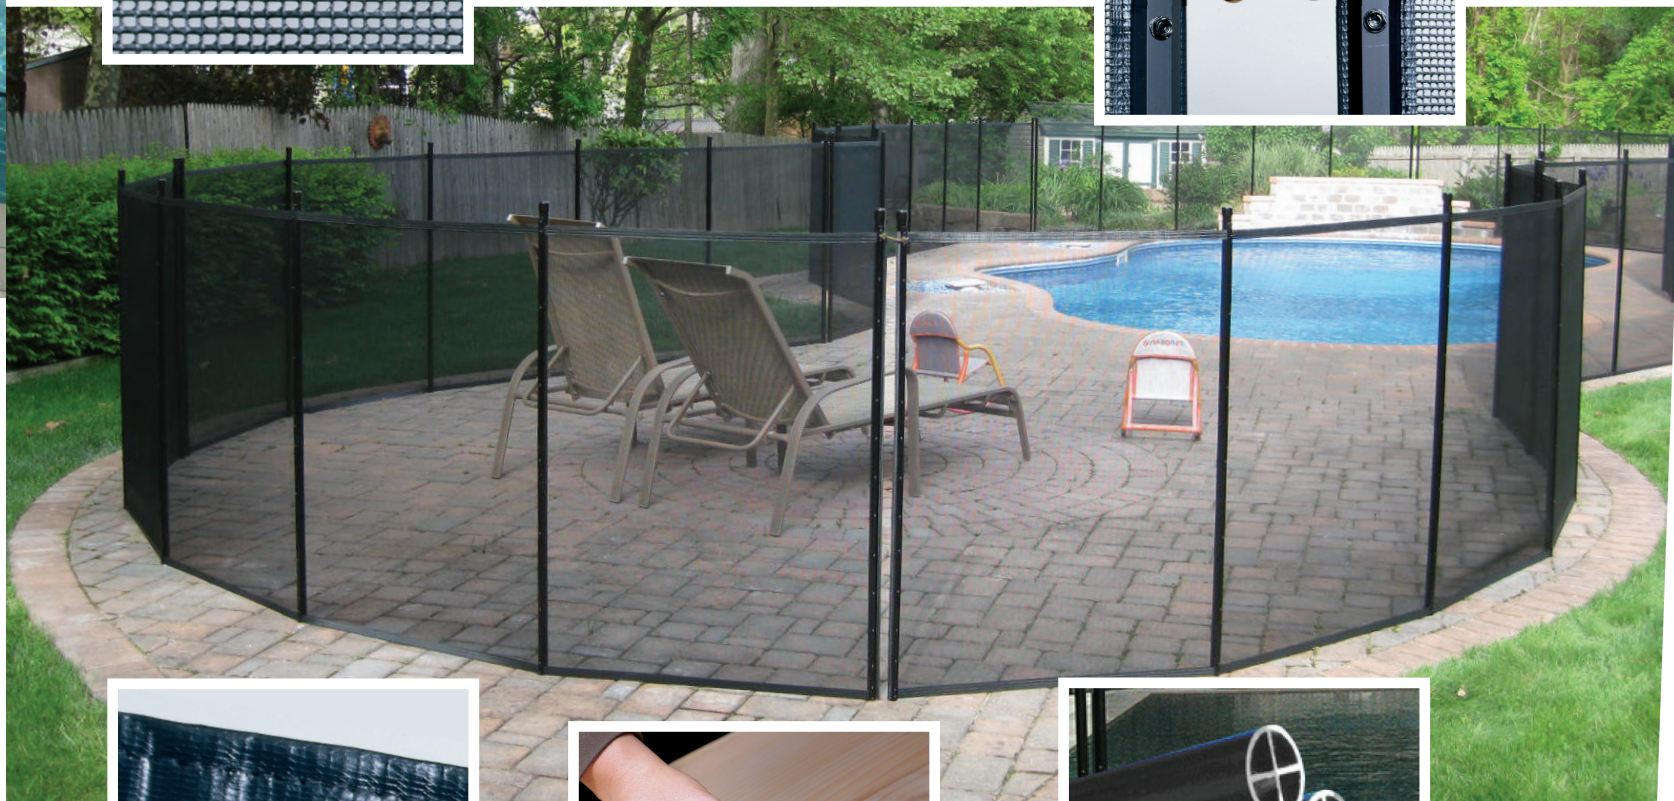

Built for Strength, Built to Last.

Superior poly-coated, open-weave mesh black fabric offers high tensile strength and excellent UV stability. Won't rip, stretch or fade! Resists mildew, fungi and bacteria. And cleaning is a breeze!

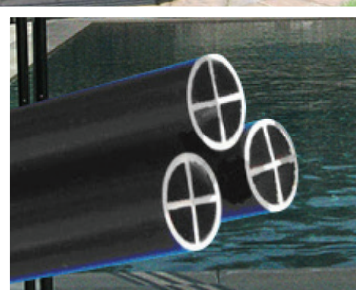

Solid brass double-ended latches with stainless steel spring-loaded trigger mechanism will never rust or corrode.

High-quality black polyester bonded thread adds strength and stability.

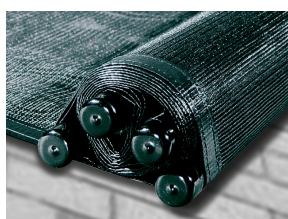

Matching, neutral-colored caps fit snugly into deck sleeves when fence is removed.

Premium aluminum poles are non-corrosive, rust-proof and color matched to our black fabric.

BABY-LOC is simple to put up and take down, and it easily rolls up for fast storage when not in use.

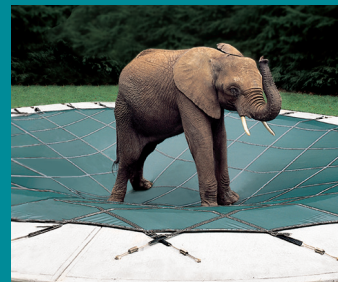

BABY-LOC is also the perfect choice for a raised deck or dock. Neutral black see-through mesh blends beautifully with any decor.
