

Hot Tub & Swim Spa Living

— ACCESSORIES *and* OPTIONS —

Living the *Dream*...

Although Master Spas invented the Entertainment TV Spa back in 1999, times have changed and technology has come and gone. Here's a look at the latest technology and innovations available for our products whether you want to just relax to your favorite music, watch the latest movies, or even catch your favorite team during the big game. It's all there for you.

Fusion Sound System

Optional on most Master Spas hot tubs, the Fusion Sound System brings the simplicity of a docking station to your new hot tub. The water resistant housing keeps your device ready to play your favorite songs through the 3.5 mm jack. Interior, marine speakers provide crisp sound.

Fusion Sound System

Deluxe Fusion BT Sound System

Available on most Master Spas hot tubs, the Deluxe Fusion BT Sound System features a docking station, FM tuner, subwoofer, and marine grade speakers in the interior as well as the cabinet on most models. The water resistant housing and deluxe remote allows for easy-to-use functions to control your iPod or MP3 playlist or FM stations. The added Bluetooth capability even allows you to leave your Bluetooth device in your house, and still enjoy the music in the hot tub.

Deluxe Fusion BT Sound System

AquaVibe BT Sound System

The AquaVibe BT Sound System is an available option for any Master Spas swim spa. The rugged design and water resistant housing with FM tuner, 30 pin connector, and 3.5 mm connector plus Bluetooth technology allows you to connect to most any source and enjoy your favorite music while relaxing, exercising, or swimming in your backyard fun center. The hand-held, waterproof remote makes it simple, while the speakers and subwoofer makes it sound great!

AquaVibe BT Sound System

without missing a *thing!*

Today's technology allows us to do many amazing things. Now we can add to the top of that list, watching your favorite TV show or movies from the comfort of your Master Spas hot tub or swim spa. Once you have the optional Deluxe Fusion BT Sound System or AquaVibe BT System, simply apply the waterproof case and the smart device mount to your Apple tablet, connect to your Bluetooth through your device and pick what you want to watch. It's that easy! Just don't forget your popcorn.

Waterproof Case

Your local Master Spas dealer now offers the ultimate in protection for your iPad, iPad mini and iPad Air. Water, dirt, snow and shock proof... this waterproof case is the only Master Spas recommended way to protect your tablet while using our hot tubs or swim spas.

(iPad Generation 1 not supported.)

Smart Device Mount

This heavy-duty suction stand with the flex mount system allows you to attach your waterproof protected tablet to your new Master Spas hot tub or swim spa and know that it will stay in place. Available in small and large.

With peace of mind for your tablet, enjoy the show!

Mast3rPur™

The innovative Mast3rPur Water Management System is the perfect synergy of 3 proven natural sanitizers: Ozone, UV-C, and the patented EcoPur® Filters from Master Spas. The Mast3rPur Water Management System dramatically reduces harsh chemical consumption while removing many heavy metals and chloramines from the water which results in crystal clear, fresh smelling and silky feeling water. Best of all, it's not corrosive like the salt systems available on other brands. The Mast3rPur Water Management System is available only on Master Spas hot tubs. Ask your dealer for more details.

The Mast3rPur Water Management System comes standard on the Michael Phelps Legend Series while optional on the Twilight Series and Healthy Living Hot Tubs with the Quiet Flo Water Care System.

Mast3rPur™

Safety and Protection

Getting in and out of your hot tub or swim spa shouldn't be a hassle. We make it easy with the DuraMaster™ steps for both hot tubs and swim spas.

Hot Tub Steps

This durable, versatile polymer step is available in three colors and holds up to 300 lbs. Dimensions: 14" x 29" x 23"D. Available in Portabello, Espresso, and Mahogany.

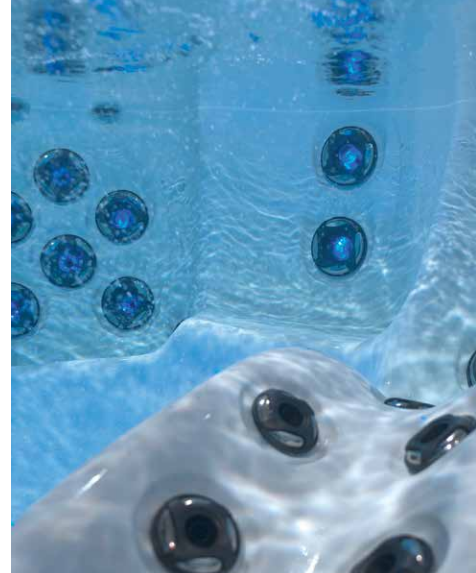

Portabello

Espresso

Mahogany

The Clear Truth

Be sure to return to your local Master Spas dealer for replacement filters and supplies. Although there may be some alternatives available online or in discount stores, what you end up getting isn't exactly...clear! However, Master Spas specifically designed our filters for our products. The unique design and proprietary components will provide you with crystal clear water while anything else is not so clear.

NEW! Filter For Your Garden Hose

This disposable sediment filter attaches to your garden hose and captures dirt particles in the water BEFORE they enter into your spa.

Swim Spa Steps

This durable synthetic swim spa step is perfect for getting in and out of these deeper units. Dimensions: 32"x 36"x 38"D . Available in Portabello, Espresso, and Mahogany.

Spa Covers

Safety, protection, and energy efficiency are all key components of the exclusive Master Spas Covers. We only manufacture covers that are built to the strict ASTM-F1346 standard for lockable safety covers. And not only do we build our spa covers to this strict standard, but we prove it by certifying them through UL. Constructed using top grade marine vinyl with UV protection and high density 5" – 3" tapered foam, these covers lock heat in and last a long time, and that saves you money. Available in 14 custom colors.

Cover Removal Systems

Master Spas Paralift LX

The Master Spas Paralift LX is a safe and easy way to get your cover on and off your hot tub. Made of strong aluminum bars, this lifter mounts quickly and easily to the cabinet of your spa. It's also available for use on swim spas with our extension kit.

Master Lift Automatic Cover Removal System

For the ultimate ease in removing your swim spa cover, look to the Master Lift Automatic Cover Removal System. With a push of a button, watch as the cover automatically retracts to an upright position. Ask your dealer for more details.

Smart phone, meet *smart spa*

Set the mood prior to entering your spa, with the right lighting, water temperature, and running massage pumps all from the convenience of your iPhone or iPad. Remotely control the operations of your spa via an integrated Wi-Fi connection with the Balboa Water Group Wi-Fi Spa Control App with the optional Wi-Fi module.

Available for all Michael Phelps Legend Series Spas.

Welcome to the Swim Spa Revolution!

Master Spas' wide variety of swim spas not only make it easy to swim year-round in your backyard, they change lives. They make it easy to exercise for those that have joint pain and are the perfect place for family fun.

Underwater Camera

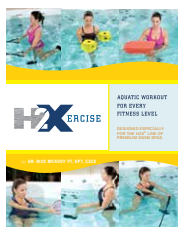

Improve your stroke with our easy-to-mount and easy-to-use underwater camera. It includes the cables to hook up to a monitor so your coach can give you instant feedback on what's happening underwater.

H2Xercise

Aquatic resistance training has just been made easier with the H2Xercise equipment designed by Master Spas together with aquatic fitness/conditioning expert Dr. Rick McAvoy PT, DPT, CSCS.

H2Xercise BELL

This unique design allows for adjustability in 4 varying resistance levels to accommodate any user and fitness level. Whether the goal is rehabilitation or high-level performance training, these are the Bells for you.

H2Xercise: Aquatic Workout for Every Fitness Level

A new way to exercise. Rick McAvoy, PT, DPT, CSCS and Professor of Hydrotherapy

has authored an exercise program written exclusively for the Master Spas line of swim spas. This program is designed specifically to help you get the most out of your swim spa and is presented in an easy-to-follow format. Available at your local dealer.

H2Xercise ANKLE FINs

These form fitting, comfortable fins provide a smooth accommodating resistance in every direction that you move. They allow you to strengthen the muscles that you use every day in an effective and efficient manner.

H2Xercise SADDLE

This floating chair allows you to float while keeping your arms and legs free to perform strengthening and cardiovascular exercises.

ProSwim Harness

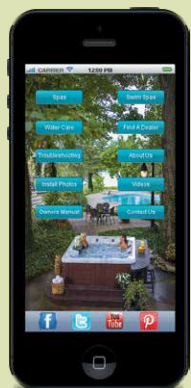

The ProSwim Harness helps build strength and burn calories, giving similar benefits as lap swimming. Included is a smart pole, belt and cord. All components are chlorine resistant, rust-proof and collapse into a two feet long bundle for compact storage.

Stainless Steel Treadmill

Ideal for fitness training as well as rehabilitation activities, this aquatic treadmill is stable, has smooth belt movement, and folds for easy storage. It can also be used to perform numerous exercises such as crunches, dips and other low impact exercises.

Stainless Steel Bicycle

This stationary aquatic bike is recommended for fitness training, rehabilitation activities and fun. This innovative and functional design has adjustable resistance, and maximum stability.
